**License Terms:**

- 1) The Unlimited Campus License (UCL) is for a minimum of three years. The UCL can be renewed annually after three years at the same base rate for an additional two years.
- 2) The UCL covers all Windows computers connected to all Class B and Class C networks belonging to the campus.
- 3) Upgrades are included for as long as the license remains in effect.
- 4) Unlimited technical support is included at no additional charge.
- 5) The software is tied to the IP address of the subnets of the campus.
- 6) StarNet will provide 100 non-IP restricted licenses for the system administrator to distribute to members of the campus as needed.
- 7) The license includes F-Secure's SSH client software campus-wide.

**Networking IP Address**

Please list the IP Network Addresses of all Class B and Class C networks you wish to be included in the Unlimited Department License. Additional networks can be added at any time.
